This year's Eminent Domain Conference hosted by Harris County Attorney Vince Ryan is designed to provide litigators and other professionals involved in eminent domain proceedings with practical tools and proven techniques they can apply immediately to best serve their clients.

The Planning Committee has included a wide variety of topics that are unique to eminent domain—condemnation litigation, appraisers' issues, floodplain and floodway challenges, the project influence rule, mediation, special commissioners' hearings, courtroom technology, and updates on recent cases and legislation. The attorney's role and the appraiser's assignment will be explained, whether working for the condemning authority or the landowner.

The speakers will discuss some of the greatest challenges they have faced in eminent domain litigation and the valuable lessons learned. Harris County Vince Ryan will provide a candid discussion of a government attorney's ethical obligations and competing client interests.

Join your colleagues for a packed agenda with some new speakers and earn 7 MCLE hours, including 1 hour of legal ethics credit.
