

Texas in Washington

The Texas in Washington Recruitment Program is held every summer in Washington, D.C. employers' offices. Employers will interview for 2L summer positions, 3L permanent positions to begin after graduation, and recent graduate permanent positions through the program.

All bidding will be done online on the Texas Consortium Symplicity website. The Consortium Symplicity system is different from the STCL Symplicity we use and you will receive a different password. The system will be used to upload all necessary documents, check interview status, and sign up for interview times. If you have registered for the Consortium Symplicity in the past, please do not reregister.
