Exam ID, ExamMonitor, and Required Mock Exam: We will be using ExamID and ExamMonitor through Examplify. Exam ID is a feature on Examplify that requires you to take a head-shot before every exam. ExamMonitor is a virtual proctoring service that will monitor you during testing via webcam. You will receive an email on July 9, 2020, to download the Mock Exam. You must take this Mock Exam to create a baseline photo to see how Examplify will work on your computer, to explore the features that may be available when you take your final exams, and to familiarize yourself with the platform. Complete the Mock Exam by **July 19, 2020**, or at least 24 - 48 hours prior to your first final exam.
