

Good afternoon, all.

I hope you are well -- and looking forward to the semester beginning on Monday. We have been working all summer to prepare for our return to school, and we can't wait to get started!

As we start the semester, health and safety are front of mind. We all have a responsibility -- to ourselves, to each other, and to our friends and families -- to put health and safety first. That's why we have made so many modifications -- to the building, to the class schedule, and to our policies and procedures -- for the coming semester.

Tomorrow's Town Hall (6.30 - 7.15 p.m.) is imperative -- so that you know how this semester will work and how to get the most out of your education and the school's resources. We also will have our medical expert participate to discuss what each of us should be doing to keep ourselves and each other safe.

Please do me a favor and attend. It is important that every member of our community be on the same page.

The link to the Town Hall will be at the following link -- www.stcl.edu/townhall -- tomorrow at 6.00 p.m.

I look forward to seeing you -- virtually -- tomorrow night at 6.30.

Thank you for attending, and all the best,

Michael F. Barry, J.D.
