

Faculty Judicial Clerkship Advisory Committee

Judicial clerkships are among the most prestigious and competitive employment opportunities available to law graduates. Recognizing that these positions are competitive, South Texas College of Law established a Faculty Judicial Clerkship Advisory Committee designed to introduce students to judicial clerkships and the process for applying to those clerkships and to assist them in obtaining clerkships at the federal and state level.

If you are considering applying for a clerkship, you should carefully read the Post-Graduate Judicial Clerkship Handout provided by the Career Resource Center. We also recommend contacting a member of the Faculty Judicial Clerkship Advisory Committee.
