Re: **Bulletin 4**
(More Clarifications to the Rules and Problem, Timing of rounds changed, Team Photos, Virtual Instructions forthcoming)

A couple more clarifications:

- The information contained on the documents connected to the hyperlinks in Exhibit O are not considered part of Exhibit O itself. You may not rely or introduce these hyperlinked documents.
- Plaintiffs may offer any or all of the deposition testimony of the persons described in paragraphs 8, 10, and 11 of the Pretrial Conference Report. Defense may offer any or all of the deposition testimony of the persons described in paragraphs 9 and 12 of the Pretrial Conference Report. Teams may introduce whatever deposition testimony they wish. Teams may offer depositions in their entirety or by making specific designations. They may even do so constructively to save time or, if they wish, do so by reading specific questions and answers. *See* Local Rule 5.003.
- Team members may choose to be separated or compete in the same room.

Bulletin 4
March 1, 2021
Page 2

- Team members may choose to sit or stand while competing.

I have altered the timing of the rounds to accommodate those on either coast. Specifically, the morning rounds on Thursday, Friday, and Saturday will begin at 10:30 a.m., Central Standard Time (11:30 a.m. [EST], 9:30 a.m. [MST], 8:30 a.m. [PST]) and the afternoon rounds on Thursday, Friday, and Saturday will begin at 4:00 p.m., Central Standard Time (5:00 p.m. [EST], 3:00 p.m. [MST], 2:00 p.m. [PST]). The final round on Sunday will begin at 1:00 p.m., Central Standard Time (2:00 p.m. [EST], Noon [MST], 11:00 a.m. [PST]).

Please send your team photos by the end of the week. A zoom screenshot is sufficient. But please make certain the photo avoids anything identifying you school or location.

I will circulate additional instructions for the online format. I intend to send these out next week.

Let me know if you have any questions or need anything.

Tournament Schedule

<i>Wednesday, January 20</i>	Rules distributed
<i>Wednesday, January 20</i>	Problem distributed
